## Unica

### Waterbased wax and cleaner for stone floors

Code 0685

#### DESCRIPTION

Waterbased wax cleaner is extremely effective and easy to use. Pleasantly scented and non-slipping, it is suitable for cleaning and protecting marble, concrete and stoneware floors.

Operating temperature: + 5°C/ + 30°C.

For internal use.

#### FIELDS OF APPLICATION

For marble, plastic material, concrete, stone and stoneware

Not suitable for wood and cork.

#### CLEANING AND DILUTION

Ready to use product. Use water to clean tools.

#### YIELD

20 - 30 m<sup>2</sup>/Lt depending on the type of surface

Characteristics	UM	Value
Appearance		liquid
Color		neutral
Odor		scented
Density	g/cm <sup>3</sup>	1.00 ± 0.03
Active substance	%	15 ± 2
pH		7.5

## HOW TO USE

Clean the floor thoroughly. Apply the product evenly using a clean cloth or a wax spreader.

Leave to dry for 30 minutes.

For maximum shine, buff with a cloth or polisher.

If necessary, apply a second coat.

## TECHNICAL RECOMMENDATIONS

Always carry out a preliminary test on a sacrifice area to check whether the effect corresponds to the desired one.

For ordinary cleaning, avoid acidic or ammonia-based detergents.

## PACKAGING

Code 0685	12 x 1 Lt
Code 0686	2 x 5 Lt

## STORAGE

Keep in a cool, well-ventilated place; keep container closed when not in use.

Keep from freezing.

The product has a shelf life of 24 months from the date of production.

## WARNING

Read the safety data sheet before use.

Comply with current safety regulations.

## Product for professional use.

Our technical data sheets are written based on the average results of our tests. However, our technical advice is given in good faith but without guarantee.

In fact, different supports, application conditions, systems, dilutions are an integral part of the final result and often beyond any control. The user must try the products supplied to verify if they are suitable for his needs. On our part, the continuity of the chemical-physical characteristics is guaranteed.
